

Team Volunteer Information

Attached is your team volunteer information sheet. It is very important that it be filled out as completely as possible prior to Equipment Distribution and Field Day. Coaching is a big job and we encourage you to recruit as much help as possible from your team's parents.

In order to receive your equipment on Equipment Distribution and Field Day you must have this form completed. You do not have to have a team sponsor or name at that time but all other areas of the form should be completed.

Coaches

We need to have the name and phone number of you and your assistant coach(es). You must also fill out a background check and provide a copy of your drivers license to the league.

Team Parents

The job responsibilities of the team parent include handing out picture packets, distributing and ordering extra In N Out tickets for opening day, scheduling snack bar duty times, overseeing the completion of a team banner, distributing and collecting fund raiser information and money, collecting academic and coach evaluation forms and making last minute phone calls. Rely on your team parent, they can simplify your life!

Scorekeeper

This is an important job. The official scorekeeper must attend a Board sponsored scorekeeper clinic. Every team except tee ball must have a scorekeeper. It is the responsibility of the home team to be the official scorekeeper.

Sponsor

Have your sponsor fill out the sponsor form and return to the Board with a check as soon as possible. The information on this form is simply for us to cross reference the sponsor to their teams.

Team Name

If you have selected a team name, please fill out this portion of the form. If you have not decided on a name let us know your team name as soon as you decide.
